NEW SKIRT FOR 1866.

THE GREAT INVENTION OF THE AGE IN
HOOP SKIRTS.

J. W. BRADLEY'S New Patent DUPLEX ELLIPTIC (or Double) SPRING SKIRT. THIS Invention consists of Duplex (or two Elliptic Pure Refined Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most flexible, elastic and durable Spring ever used. They seldom bend or break, like the Single Springs, and consequently preserve their perfect and beautiful shape more than twice as long as any Single Spring Skirt that ever has or can be made.

The wonderful flexibility and great comfort and pleasure to any Lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Skirt or Muslim Dress.

A Lady having Enjoyed the Pleasure, Comfort and Great Convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

The Hoops are covered with 2 ply double twisted thread and will wear twice as long as the single yarn covering which is used on all Single Steel Hoop Skirts. The three bottom rods on every Skirt are also Double Steel and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, etc., etc., which are constantly subject to wear in use.

All are made of the new and elegant Corded Tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most desirable comfortable and elegant Skirt ever made.

WEST'S BRADLEY & CARY, Proprietors of the Invention, and Sole Manufacturers, 97 Chambers, and 79 & 81 Reade Streets, New York.

For Sale in all first-class Stores in this City, and throughout the United States and Canada, Havana de Cuba, Mexico, South America and the West Indies.

For Inquiry for the Duplex Elliptic (or double) Spring Skirt. March 27-3m.

THE SILVER SKIRT!

MORE DURABLE,
MORE ELASTIC,
MORE GRACEFUL!

And will keep its Shape and retain its Place better than any other Skirt.

This new and beautiful style of Skirt (Patented March 7, 1865,) was awarded by the Great American Institute Fair, held in New York, October, 1865.

A SILVER MEDAL! the highest premium ever given for a Hoop Skirt.

The Steel Springs are wound with a fine plated wire (in place of a cotton covering) which will not wear off or become soiled, and the whole Skirt may be washed without injury or fear of rusting, and will be as good as new.

THE COMBINATION SILVER SKIRT!

This invention combines the ordinary cotton Skirt the advantages of our Silver Skirt; the bottom hoops are the same as those used in the Silver Skirt, the covering of which cannot wear off, while the upper ones are covered with cotton. No lady having once worn one of our Skirts will be willing to wear any other, as the lower hoops of all other kinds are soon injured and soiled.

The best materials are used in their construction, and, from their durability and neatness, they are destined to become

Importance of Having Davis' Pain Killer Always on Hand.

Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion.

Extract from his letter, published in the Baptist Missionary Magazine:

"For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercises, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusing its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awful, virulent poison their sting must contain! I lay to my bottle of Davis' Pain Killer, and found it to be truly its name; after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience." NOVEL DIVORCE CASE.—Some parts of the country, as it is known, do a whole-some business in divorces, and without much rhyme and reason. The loose manner in which they are granted is often the subject of comment, but the strangest case we ever heard of is the following, reported in the Louisville Courier, of the 6th inst.; the divorce took place at New Albany, Indiana:

"A divorce was granted, among many others, in the case of McCarter vs. McCarter, but neither of the parties knew anything of the pendency of the suit; neither of them was present when the decree was rendered, and only learned through their friends that their marital bonds were severed. They are, and have been, living together most happily, entirely satisfied with each other, and are strongly disposed to return to the singular and summary process by which their happy relations were dissolved. How the case got into court is entirely unknown to the parties, but is supposed to be the work of some mad joker or envious Benedict. Of course the parties will have to get married again or procure a reversal of the decree. This is another and forcible illustration of the loose manner in which the divorce business is managed in Indiana."

A Family Burnt to Death.

MONTGOMERY, Vt., May 15.—By a fire which occurred at North Royalton, Vt., last night, the house of Mr. Burkbank was destroyed, and himself, daughter and another young lady perished in the flames. A barn containing a large number of cattle was also consumed.

It is two hundred and seventy feet long, one hundred and seventy five wide, and three stories high. It has a daily capacity for working off twelve hundred head of cattle, two thousand hogs and one thousand sheep.

THE ADAMS SENTINEL AND GENERAL ADVERTISER.

Mexican Affairs.

Several recent events have brought the affairs of Mexico again prominently before the country. Santa Anna's visit gives rise to various surmises, and it is suggested by Washington news writers that Mr. Seward's visit to Auburn may have something to do with the presence of the Mexican ex-President and Dictator. Santa Anna is said to be discarded by the Liberals, and is known to be treacherous; but until the real object of his visit to this country is known, it is useless to speculate upon the influence he is likely to exert. French troops are reported to be going in the wrong direction, and the incident has called forth a note from Mr. Seward to the Marquis de Montholon. The recent correspondence between Mr. Seward and M. Romero, Minister from Mexico, has brought to light facts connected with the shooting of Mexican Liberals by the French and Austrian troops which should excite the earnest sympathy of our people in their behalf, and draw forth the emphatic condemnation of our Government. It appears that Maximilian's decree, which outlawed and made subject to death, wherever found, all Liberals in arms after November 15, 1855, is being carried out with cold-blooded ferocity. Mr. Seward mentions the execution of General Artega, and we know that the barbarous policy of shooting leading and influential Mexican citizens has been in operation for some time. When the European mercenaries march into a Mexican State they seize upon well known and influential Liberals, whether in arms or not, and shoot them, without trial, in cold blood. In Zacatecas the number thus butchered amounts to about twelve hundred, and it is stated that in some parts of the Republic there is scarcely a man left of the kind from which the people choose their military leaders. It is easy to perceive whence Maximilian derived his instructions to inaugurate this cruel and relentless policy. Napoleon III. sent to their deaths, or banished into Cayenne or Africa, twenty-six thousand six hundred of the best men of France. He completely unmanned her by the terror he inspired, and by sending off all those upon whom the people had been relying as leaders. We suppose Maximilian is too poor to send the Mexicans off, and finds it cheaper to kill them. Such a barbarous policy ought to be checked at once. The United States should demand, in the name of civilization, that this infamous decree shall be revoked, and that further murders under it shall cease. We urge a protest by our Government against it, in the name of humanity, before the date upon which it was to take effect—Already thousands of people have been mercilessly shot in cold blood for the crime of being true to their country, and no time should be wasted in preventing further atrocities.—*Balt. American.*

An Eloquent Peroration.

The Hon. Samuel Shellabarger, of Ohio, lately made a speech in Congress, pronounced to be one of the ablest efforts of the session, on "the disfranchisement of Rebels." The following extract is from one of his concluding paragraphs:

"If these men, unrepentant, unapologetic, unreckoning, waste, may stalk back, not to ordinary rights of citizenship merely, but to higher, grander powers of electors of this mighty nation; may come into the very sanctuary of the nation's life and to liberty's last retreat, and may come, too, as the rulers of the Republic, and all this in defiance of all power in the Government to forbid it; then, sir, have the precepts of all reason, all law, all morality, all history, all experience, and all common justice been discarded in the making of our Government, and then I turn away from looking at my country's future in anguish, in despair of the Republic. But it is not so. Our Country has the power to be, and the Republic will."

THE SPEECH OF THE IRISH "HEAD CENTRE."

Mr. Stephens, the Irish Head Centre, at his reception at Jones' Woods, New York, on Tuesday, made a long speech in which he gave a detailed account of the operations of the organization from its inception to the present time, and at its close stated that the object of his visit to America was for the purpose of restoring harmony and union between the two factions, and promised that active operations would commence in Ireland for its liberation from English rule before the close of the present year. He counseled harmony among the several factions, and called earnestly for material aid. His reception is represented as quite flattering, but the meeting was not as large as anticipated.

ASSAULTING A BISHOP.—In Philadelphia, on Tuesday night, Bishop Vail, of Kansas, was rudely assaulted by a member of the swell mob on one of the Eleventh street cars. The thieves crowded the car platform at Chestnut street. At Spring Garden street, where the divine left the vehicle, his pocket was cut from his coat, and he was summarily jostled from the car. The thieves gained nothing. A heavy wallet, crowded with manifested donations to the home missionary posts of the West, hung in the rent lining and escaped. Bishop Vail is the regular bishop of the episcopacy of Kansas.

General Santa Anna, the ex President of the Mexican Republic, arrived on Saturday, from St. Thomas, at Elizabethport, New Jersey. He is accompanied by several of his countrymen, and it is understood that he comes to make common cause with Juarez against Maximilian; and that he will soon appear on Mexican soil, fighting against the invaders of his country. It will be remembered that during Secretary Seward's recent trip to Havana he visited the General.

Golignani's Messenger, of Paris, dated on the 24th of April, says that the native Japanese engineer who was connected with the iron clad built in America for the Tycoon, and who was brother of one of the Ambassadors from Japan who had been to Paris, believed himself dishonored by the opinion expressed concerning the vessel, and asked for and obtained permission from the Tycoon to commit suicide, and that he consequently ripped open his abdomen in presence of his colleagues and servants, who stood in a circle around him.

It is expected that more than half of the vessels composing the present Atlantic and Gulf Squadrons of the United States Navy will be removed from service, and either laid up or sold.

On Thursday evening last, the extensive coal oil refinery of Logan & Lloyd, Philadelphia, took fire from a leak in one of the stills. The principal buildings and 800 barrels of oil and benzene were consumed, and the machinery, fixtures and apparatus rendered a complete wreck. The loss is about \$15,000, fully insured.

Five dwellings were partially burned and two stables destroyed by fire, at Harrisburg on Friday morning last, about 3 o'clock. It was the work of an incendiary.

A new steam wagon for common roads he just been tried at Quincy, Illinois, the papers say, with fair promise of success.

The drouth in many portions of New England is causing much anxiety and discouragement among the farmers. Extensive fires have prevailed during the last week, destroying much woodland and several dwellings. About four thousand acres of valuable land in the townships of Sandwich and Monument have been burned, including large stocks of corded wood.

It is expected that more than half of the vessels composing the present Atlantic and Gulf Squadrons of the United States Navy will be removed from service, and either laid up or sold.

HOMEOPATHIC MEDICAL SOCIETY OF CUMBERLAND COUNTY.

A meeting of the Homeopathic Physicians of the counties of Cumberland, Franklin, and Adams, was held at the office of Dr. Cook, in Carlisle, on the 8th day of May, 1866, for the purpose of organizing a Medical Society. Letters were received from T. C. Stevenson, M. D., of Carlisle, R. T. Harman, M. D., of Greencastle, and E. W. Garberich, M. D., of Kingston, regretting their inability to be present. A Constitution and By-Laws were adopted, and the following officers elected:

President—J. H. Marsden, M. D., of York Suburb Springs, Adams county.

Vice President—John Armstrong, M. D., of New Kingston, Cumberland county.

Secretary—Wm. H. Cook, M. D., of Carlisle, Cumberland county.

Treasurer—J. J. Bender, M. D., of Carlisle, Cumberland county.

Communicated for the Sentinel.

FOR GOVERNOR,
MAJ. GEN. JOHN W. GEARY,
OF CUMBERLAND COUNTY.

Hon. Edward McPherson, Clerk of the House of Representatives, is now engaged in preparing a political manual, to contain the leading political speeches, messages, proclamations, orders, and votes which have been issued since the accession of President Johnson. It will be published immediately after the adjournment of Congress.

Shocking Accident.

On Friday evening last, Mr. George Zimmerman, of Harrisburg, was instantly killed at Bridgeport, opposite Harrisburg. Mr. C. was baggage-master on the York accommodation passenger train of the Northern Central railroad, and was in the act of coupling cars, when, for some cause, the train was put in motion, throwing the unfortunate young man on the track. A portion of his head was cut off, several cars passing over the same. Mr. Zimmerman was formerly of Gettysburg, and only son of Capt. Henry Zimmerman. His remains were brought here for interment. We sympathize with the distressed family.

Rev. J. R. Warner will deliver his Lecture on the Battle of Gettysburg, in the Hunterstown Presbyterian Church, Tuesday, 29th inst., at 2 o'clock. P. M.

A patent has issued from the U. S. Patent office to Joseph Martin, of New Oxford, for an improvement in gates.

Capt. Eichelberger has been re-elected President of the Hanover Branch Railroad; and John L. Jenkins, Joseph Althoff, Henry Wirt, Renken Young, Joseph Dillone, and David Wirtz, Managers.

Our neighbor of the Compiler has put on a neat new dress this week, and has added to his head, the cognomen of "Gettysburg." We hope with this improvement in the typographical department, that he will "turn over a new leaf," and improve his heterodox politics. He has been waging for such a length of time, that it will give him a little trouble, but we trust he will persevere in the effort—"better late than never."

The Battle Field Painting.

The joint Committee of the Legislature on the Painting of our Battle-field, met with the Governor, at the Continental, Philadelphia, on the 14th; and the Committee, after visiting those in Philadelphia proceeded to New York, to visit Artists and examine Paintings, and returned to Philadelphia on the 16th.

The Committee adjourned to meet again with the Governor at Harrisburg to-day.

Arrest of Horse Thieves.

About the middle of April, Wm. Reynolds and Templeton Little were arrested in this county, for stealing horses near Martinsburg, Va. They were lodged in jail here, and on Wednesday last Sheriff John W. Pitzer, of Berkeley county, took them "across the line" on a requisition from the Governor. John Wade, charged with the same offence, was arrested at Harrisburg a few weeks ago, by officer Rousier, and also lodged in our jail, but the fact not having been known to the authorities of Berkeley county, his name was not embraced in the requisition. Sheriff Pitzer expects to return for him on another requisition. The horses were recovered and taken back to Virginia soon after the first arrests were made.

Suicide.

Frederick W. Dorn committed suicide on Friday evening last at his residence near Chambersburg, by hanging himself. Peccary masters, by which he lost several hundred dollars, is assigned as the cause of the rash act.

Within a week or two past, Bruce Lambell, Allison M'Dowell, Thomas M'Dowell, J. Porter Brown, John Brown, Capt. A. J. Brand, Samuel C. Reed and David McKnight of Chambersburg, and Maj. A. J. Snyder and C. A. Funk, of Fayetteville, started for the Territory of Montana.

Rev. T. T. Tice, of Springfield, Ohio, has been unanimously elected Pastor of the Lutheran church in Hagerstown.

Mr. John Bonhamer, an esteemed citizen of the vicinity of Waynesboro, died at Baltimore, on the 13th inst. He had an operation for gravel performed by Dr. Smith, and did not long survive it. He was in his 71st year.

Death of the Last Survivor of the Wyoming Massacre.

We learn from the HANOVER SPECTATOR, that Mr. SAMUEL KENNEDY, aged 93 years, died at his residence in Petersburgh (Yorks Springs,) on Friday the 11th inst. The deceased was the last survivor of the Wyoming massacre, which occurred during the Revolutionary War—his mother having brought him away when 5 years old, in her flight from that inhuman slaughter. She, with her son Samuel, settled in Menallen township, then in York, but now Adams county, where he continued to reside until his death, surrounded by a numerous family of children, grand and great grandchildren, a venerable citizen, respected by all who knew him. He was born in Northumberland county, on the 6th of December, 1773.

The pirate Semmes was elected Judge of the Probate Court of Mobile county, Alabama, by the unopposed Returns of that region. But we are pleased to see that President Johnson has directed that he shall not be permitted to hold that or any other civil or political office, while he remains unpardoned; and has directed Judge Bond to perform the duties of the office. We hope that Semmes will have a long probation before he is allowed to hold any office of trust or honor under the government.

On Thursday evening last, the extensive coal oil refinery of Logan & Lloyd, Philadelphia, took fire from a leak in one of the stills. The principal buildings and 800 barrels of oil and benzene were consumed, and the machinery, fixtures and apparatus rendered a complete wreck. The loss is about \$15,000, fully insured.

The President sat into the Senate on Tuesday a messenger returning the bill for the admission of Colorado as a State, without his approval, giving his reasons therefor. At the suggestion of Senator Fessenden, who desired that it should be frequent and enthusiastic, Austria, Italy and Prussia are all continuing their armaments, and it was commonly believed that war might break out in a few days. England has promised to Austria to give to peaceful offers of Austria at the Prussian court an energetic support. The French Minister, Rouher, had officially declared the intention of his government to remain neutral in the war, but also to reserve, if necessary, liberty of action. It is asserted that negotiations are actively going on between France, England and Russia for assembling a European Congress. The Italian government has been forced to resort to paper money in order to defray the expenses of its armament, the National Bank of Italy agreeing to advance £10,000,000 to the treasury, the bank, in return, being permitted to suspend specie payments, while its notes are to be made a legal tender throughout Italy.

The special object of the society being improvement of the science of medicine, Bureaus of Medical Education and Practice, will be established in connection with the American Institute of Homeopathy. The co-operation of all physicians practicing in these and adjacent counties on the law of *similia similes curantur*, is respectfully invited.

It is scarcely thirty years since the introduction of Homeopathy into the U. S., and but few years longer since its appearance in the old world, yet there are now in successful practice nearly five thousand Homeopathic Physicians in America alone, and its patrons are numbered by hundreds of thousands, both in this country and Europe. In the latter not a few of the Crowned Heads are numbered among its warmest advocates. In our own country a few of the most distinguished persons are and have been partisans of Homeopathy, embracing such names as Hon. S. P. C. A. Secretary of State, and Stanton, Senators Grimes, Bayard, Colfax, Cowan and Sprague, Hovey, Bradish, Major Generals Gwin, B. McClellan, Hullock and Banks, Wm. Cullen Bryant, Cyrus W. Field, Moses H. Grenfell, Bishop Baker, of the Methodist Episcopal Church of Massachusetts, the late lamented Bishop Potter, of Pennsylvania, and Jay Cooke, of Philadelphia. In foreign countries, the Duke of Wellington, Viscount Lismore, Sir Edward Bulwer Lytton, the French Minister of War, the Grand Duke of Baden, the King of Hanover, the King of Belgium, the King of Prussia, the Emperor of Russia, and the Emperor of the French. These are a few of the volumes of names of distinguished persons who are advocates of Homeopathy. Dispensaries, Hospitals and establishments throughout the country and chartered Colleges for the instruction of students of medicine. The persecution that Homeopathy has met with on every hand has only served to illuminate its pathway, and what is to be predicted for its future may be estimated, when we find Life Insurance companies arriving at the decision "to open a special section for persons treated by the Homeopathic system at a LOWER RATE OF PREMIUM than that charged on OTHER LIVES," which is now done by several institutions of the kind, which will be followed by others.

The bill to point an additional Assistant Secretary of the Navy is for the purpose of allowing another officer of that Department while captain Fox is absent in Europe. He will rejoin the ocean in the monitor iron clad Miantonomah, for the purpose of personally presenting the Emperor of Russia the resolution of Congress congratulating him on his escape from the hand of an assassin.

He will also report upon the present condition of the principal navies of Europe. It is not general belief in Europe that one of our monitors can cross the Atlantic, but the incredulous will soon have a demonstration of the fact. The Miantonomah is at Halifax awaiting the arrival of Capt. Fox.

John M. Batts, of Virginia, proposes to settle all difficulties in the way of reconstruction, by providing that no person hereafter shall be capable of holding any office, legislative, executive or judicial, in the Federal or State Governments, for ten years from the passage of an act on the subject, who was over the age of twenty-five at the breaking out of the rebellion, without taking the oath, in addition to that now required of all officers by the Constitution of the United States.

Williamsport, Pa., held its municipal election on Wednesday, and the poll resulted in favor of the Republican candidate for Mayor by one hundred and twenty-nine majority, which is a gain of two hundred over the vote of last year. In the evening the Union men celebrated their victory with a display of fireworks and a grand procession. The successful candidates were serenaded as shall be credible to the County.

The proposition has met with general favor, and all that is necessary to crown the movement with success, is prompt and efficient organization. To this end we respectfully invite the citizens of Adams county, and especially the surviving soldiers of the war to meet at the Court House, in Gettysburg, on SATURDAY the 26th day of MAY, inst., to adopt such measures as may be deemed advisable to secure the erection of a Monument to the memory of our fallen Heroes, in the centre of the Public Square, in Gettysburg, on which shall be inscribed the names of all Adams county soldiers who have died in the service of their country.

It is due to the memory of the brave men of Adams county who have fallen in the service of the Republic, that their immediate fellow-citizens should erect a memorial upon this great battle field, of such character and proportion as shall be credible to the County.

Demarest's Monthly.

The June number of this Magazine is before us, and is as fresh and full of beauty as the month itself. We have only had time to bestow a cursory glance upon it, but that has revealed to us the delicacy of its fine typography, an immense variety of excellent reading matter, page after page of exquisite illustrations, and the usual fashions, pastimes, and delicious odds and ends which make it so interesting to women.

The effort to reinvoke the Democratic party in Kentucky is not appreciated further South. The Macon Telegraph refers to the Louisville Convention as a piece of folly, and says the people of Kentucky have only to follow up that line to keep themselves and their country down forever. This is the cold shoulder from a quarter least expected.

The President has approved the bill to authorize the coining of five cent pieces composed of nickel and copper. This coin is to be a legal tender in payment of the amount of one dollar. There are to be no more issues of fractional notes of a denomination than ten cents.

A Catholic priest created a sensation in a street railroad car in St. Louis Friday night, by knocking down and beating a fellow passenger, whose blasphemous and obscene language
